

Career and College Readiness Resources at JCC High School

In today's global economy, students must be well-prepared for the demands of college and the workplace. **Jackson County Central School District** provides support to assist students as they transition from middle school to high school and into an increasingly wide array of postsecondary options. Each of the options is described below.

For questions on any of these resources please contact:

Mrs. Tracy Johnson, HS Counselor, 847-6621, Tracy.Johnson@JCCSchools.com

Concurrent Enrollment

Jackson County Central School District partners with Minnesota State University-Mankato, Southwest Minnesota State University, and Minnesota West Community and Technical College to offer the following college credit courses to our high school students here. Students who successfully complete these courses generate both high school and college credit from the partnering postsecondary institution.

There is no cost to the student to participate in these courses, but there are entrance requirements. These courses provide high school students advanced skills today and greater flexibility when they enter the university setting full-time. That may include pursuing second majors and internships or studying abroad.

Jackson County Central School District offers the following Concurrent Enrollment Courses:

Minnesota State University-Mankato:

| | |
|--|-------------------|
| ENG 101 - Literature (Academic Writing) | 4 college credits |
| CMST 102 (Public Speaking) | 4 college credits |
| ENG 110 - Composition (Academic Reading) | 3 college credits |

Southwest Minnesota State University:

| | |
|---------------------|-------------------|
| MATH 150 (Calculus) | 5 college credits |
|---------------------|-------------------|

Minnesota West Community & Technical College:

| | |
|---|-------------------|
| BIOL 2201 – Human Anatomy (Anatomy/Physiology) | 4 college credits |
| BIOL 2202 – Human Physiology (Anatomy/Physiology) | 4 college credits |
| MATH 1105 – Intro to Probability & Stats (Statistics) | 4 college credits |
| MATH 1111 – College Algebra (Algebra 3) | 3 college credits |
| MATH 1113 – Pre-Calculus (Trigonometry/Pre-Calculus) | 4 college credits |

Postsecondary Enrollment Options (PSEO)

PSEO is a program that allows students in 10th, 11th and 12th grades earn both high school and college credit while still in high school, through enrollment in and successful completion of college-level, nonsectarian courses at eligible participating postsecondary institutions. Most PSEO courses are offered on the campus of the postsecondary institution; some courses are offered online. Each participating college or university sets its own requirements for enrollment into the PSEO courses. Eleventh and 12th-grade students may take PSEO courses on a full- or part-time basis; 10th graders may take one career/technical PSEO course. If they earn at least a grade C in that class, they may take additional PSEO courses.

There is no charge to PSEO students for tuition, books or fees for items that are required to participate in a course. Students must meet the PSEO residency and eligibility requirements and abide by participation limits specified in Minnesota Statutes, section 124D.09. If a school district determines a student is not on track to graduate, she/he may continue to participate in PSEO. Funds are available to help pay transportation expenses for qualifying students to participate in PSEO courses on college campuses. Schools must provide up-to-date information to all students in grades 8-11 and their families by March 1, every year. Students must notify their school by May 30, if they want to participate in PSEO for the following school year.

For current information about the PSEO program, visit <http://education.state.mn.us/MDE/fam/dual/pseo/index.htm>
