## 1:1 iPad Program Policies and Guidelines

### Student and Parent Agreement

#### August 2014

Technology, including school computers, Interactive Promethean Whiteboards, and iPads have been implemented into Jackson County Schools for educational purposes. Access to any or all technology may be revoked at any time for abusive or inappropriate conduct related to use of electronic technologies. Failure to comply with the [District's Bullying Prohibition Policy \(514\)](#), [Internet Acceptable Use & Safety Policy \(524\)](#), or the [iPad Care and Use guidelines](#) may result in the loss of privilege to take the iPad home or use of the iPad altogether. The iPad is the property of the Jackson County Central School District and may be seized and reviewed at any time, in accordance with the [Search of Student Lockers, Desks, Personal Possessions, and student's person policy \(502\)](#).

I understand the iPad must be kept in the school provided case at all times. If the iPad is broken and has signs of damage resulting from being out of the case (dented corners), I understand the full cost of the repair will be my responsibility. If the iPad screen cracks, while in the case, and there are no signs that it has been out of the case, I understand I will be charged \$50.00 for the repair. I further understand, after two incidents of accidental damage, I will be responsible for the entire cost to repair or replace the iPad. If the iPad is stolen a Police Report must be completed and the full price of the iPad will be my responsibility. iPads will be returned at the end of each school year, along with the charger and school issued iPad case. The charge for any lost or damaged items will be iPad -\$400.00, charger - \$38.00, and case - \$19.00.
